## Key achievements 2023-2024

This template will be completed at the end of the academic year and will showcase the key achievements schools have made with their Primary PE and sport premium spending.

Activity/Action	Impact	Comments
The work towards competitive sports in 2024 enabled us to gain a Bronze Sportsmark award once again.	More children taking part in competitive sports	We will need to ensure we take part in a wider range of sports in the next year. Appointment of new PE lead
There is a good range of exercise and activities available at playtimes and lunchtimes supported by small resources	Children have a wide choice of things to do during playtimes	Ensure the small play box of equipment is regularly replenished and that children are responsible for collecting it so we don't lose as much equipment next year
Whilst we had hoped to widen access to after school sporting activities in the year through offering funded clubs this did not necessarily have an impact	Key stage two pupils generally didn't sign up to free clubs despite a range being offered	We may need to consider the night of the week these are held or try again with new cohorts next year.
Adults to support regular movement breaks for individuals	Children who often find PE in a class group difficult were able to access regular exercise and sporting activities	We may need to reconsider whether this support is still needed next year.

## Swimming Data

Meeting National Curriculum requirements for swimming and water safety.

*Priority should always be given to ensuring that pupils can perform safe self-rescue even if they do not fully meet the first two requirements of the National Curriculum programme of study*

<u>Question</u>	<u>Stats:</u>	<u>Further context</u> <u>Relative to local challenges</u>
What percentage of your current Year 6 cohort can swim competently, confidently and proficiently over a distance of at least 25 metres?	81 %	<i>Use this text box to give further context behind the percentage. e.g., 30% - we are struggling to get pool space due to our local pool closing so we have had to use a much smaller local school pool. We have had to limit the number of pupils attending swimming lessons during one term which means some pupils have attended fewer swimming lessons than others.</i>
What percentage of your current Year 6 cohort can use a range of strokes effectively [for example, front crawl, backstroke, and breaststroke]?	81%	<i>Use this text box to give further context behind the percentage. e.g., Even though your pupils may swim in another year please report on their attainment on leaving primary school at the end of the summer term 2024</i>

<p>What percentage of your current Year 6 cohort are able to perform safe self-rescue in different water-based situations?</p>	<p>81%</p>	<p><i>Use this text box to give further context behind the percentage.</i></p>
<p>If your schools swimming data is below national expectation, you can choose to use the Primary PE and sport premium to provide additional top-up sessions for those pupils that did not meet National Curriculum requirements after the completion of core lessons. Have you done this?</p>	<p>No</p>	
<p>Have you provided CPD to improve the knowledge and confidence of staff to be able to teach swimming and water safety?</p>	<p>Not this year</p>
